“To Whom It May Concern:

Santiago Martin painted my house and did an outstanding job. He coordinated the colors of my house perfectly. His clean up was impeccable. When I asked Santiago to paint my shed and also paint my hatch-way doors, he was more than happy to do it. He used special paint to paint the metal doors. This was not discussed in the contract beforehand but he took the time to do it to satisfy me. He was always good natured and very accommodating to my needs. I strongly recommend Santiago for a professional painting contractor.” - Carolyn G. Renzi, Pittsfield, MA 01201 and Alexandra E.

“Santiago painted the entire exterior of my house, primed, fixed holes and power washed my two decks. Extremely well. Quick, efficient, friendly and professional.” – Cindy T.

“Dear Homeowner:

Santiago Martin and his crew recently worked on my kitchen and guest bathroom. They did a great job. The bathroom just needed “freshening up,” but my kitchen suffered from a lot of ice damage because of the terrible winter we had this year. One wall in particular had cracks all over it.

They did a great job at a very reasonable price. They worked right through and were in and out of my house in just over five hours. Even better, I was able to use my kitchen and bathroom immediately. Done, done, and done!

If you need a professional-looking paint job, are on a budget, and want to keep the disruption to your life to the bare minimum, Santiago is the man to call. I know that I will call him again for my next paint job.” - Bruce and Sue G.

“Due to our schedule, we had to reschedule twice. Santiago and Antonio were extremely flexible and finally did the work after their work day had ended when my wife, who has a paint allergy, was away from home overnight. They were extremely professional and genuinely nice folks. Their work was efficient and of the highest quality. When I paint, and I've done a lot of it, there are always paint drippings down the outside of the can. When they paint, the cans are as spotless as they were new! And our rooms are refreshed and really look good.

I plan to hire them to do all of our future painting. At days'e end, we sat down and had a sandwich and drink together and they headed back to Pittsfield, over an hour away.

“I am an architectural color consult and heard about Santiago through a colleague. I have much experience with painting contractors through my work, so when

Santiago asked me for this testimonial, I was thrilled to oblige. After I selected colors, he painted several rooms in my Victorian condominium including my living room, dining room, and kitchen, which included much ornate woodwork. I had gotten several bids for the job, and his price was the most reasonable. My experience was extremely positive throughout: Santiago was always friendly, punctual and professional, and his painting was impeccable. Please feel free to contact me for further information.” - Jeanne L., Architectural Color Consultant, Color Assistance, Williamsburg, MA

“Santiago and his crew powerwashed the exterior of our cedar house and the decks and then stained both.

When I first contacted Santiago by email he responded immediately and was able to look at the project and give me a price within a day. His price was fair and he scheduled the work immediately. Santiago was tremendously knowledgeable, professional and responsive--great to deal with and very concerned with doing a good job and getting all the details just right. I was not on site when the work was done, but he sent me photos at every stage so I could follow his work. I would absolutely use him to do any job again and highly recommend him.” – Sharon L.

“Santiago Martin, his son Antonio and his team power washed and scraped our entire clapboard farm house before applying a tinted primer and then painting the final coat. We had chosen Heritage Benjamin Moore paint, which was included in the fee, and he made excellent decisions about highlighting the trim. He even voluntarily made small repairs to our sun porch roof as well as painting the stair railing.” – Kathryn D. Williamstown, MA 01267

“Santiago stayed in closed contact through all this rain and was willing to work on Saturday and Sunday to get the outside of our big two-story painted. He spent a great deal of time on scraping and sanding so that we would not experience the peeling that we did from the last painter, and he did not leave a mess like the last painters either. He was courteous, hard working, and a bit of a perfectionist. We couldn't have been happier and would recommend him without hesitation.

Member Comments: He responded to my email immediately and was always in close contact.” – Jess K. Pittsfield, MA 01201
